

## Acting as Owner's Agent

Acting as an Owner's Agent, DESMAN represents the Owner in all critical phases of a project. We coordinate the efforts of other professional disciplines as necessary to ensure the owner's goals are achieved. DESMAN also assists the Owner in preparation of presentations to governing bodies and approval agencies. During construction, site visits are conducted to assure that the work is being executed in accordance with the plans and specifications. Upon completion, DESMAN participates in the final inspection and approval process as the Owner's agent.
